About the Author The U.S. Department of Health and Human Services (HHS) strives to enhance and protect the health and well-being of all Americans. The HHS fulfills that mission by providing for effective health and human services and fostering advances in medicine, public health, and social services. The U.S. Department of Agriculture (USDA) provides leadership on food, agriculture, natural resources, rural development, nutrition, and related issues based on public policy, the best available science, and effective management.
