Mindy J. Allport-Settle : Dietary Supplements: Current Good Manufacturing Practice, Labeling and Premarket Notification Concise Reference before purchasing it in order to gage whether or not it would be worth my time, and all praised Dietary Supplements: Current Good Manufacturing Practice, Labeling and Premarket Notification Concise Reference:

0 of 0 people found the following review helpful. ... well put together and make the information fast and easy to reference
By KACThis book is well put together and make the information fast and easy to reference. Much easier than the website and really helpful when my battery died.
2 of 3 people found the following review helpful. Not worth the money since all of this information is available online for free
By karaAll of the information provided in this book is available on the FDA website for free. This is merely a compilation of all of the available information online cut, pasted, and reformatted into a book.
1 of 1 people found the following review helpful. Excellent resource!
By JinRNcThis is a comprehensive resource for dietary supplements - and it is great to have everything organized in one place instead of trying to find information on the FDA website.

This book is designed to be a unified reference source for the U.S. Food and Drug Administration's Dietary Supplements regulations, guidance, and associated documents. Dietary Supplements Regulations and Guidance: * FDA Overview and Orientation * Introduction to Dietary Supplements * Part I: Regulations - Part 111: Current Good Manufacturing Practice in Manufacturing, Packaging, Labeling, or Holding Operations for Dietary Supplements - Part 101: Food Labeling - Part 190: Dietary Supplements * Part II: Legislative Acts and Significant Amendments - Dietary Supplement and Nonprescription Drug Consumer Protection Act - Dietary Supplement Health and Education Act of 1994 * Part III: Guidance and Associated Documents - Dietary Supplements Final Rule - Dietary Supplement Current Good Manufacturing Practices (CGMPs) and Interim Final Rule (IFR) Facts - Dietary Supplement Labeling Guide - Structure/Function Claims, Small Entity Compliance Guide - Notification of a Health Claim or Nutrient Content Claim Based on an Authoritative Statement of a Scientific Body - Questions and Answers Regarding Adverse Event Reporting and Recordkeeping for Dietary Supplements as Required by the Dietary Supplement and Nonprescription Drug Consumer Protection Act - Responses to Questions about Codex and Dietary Supplements Reference Tools * Part IV: Combined Glossary and Index

About the AuthorMindy Allport-Settle has served as a key executive, board member, and consultant for some of the best companies in the pharmaceutical, medical device, and biotechnology industry. She has provided guidance in regulatory compliance, corporate structuring, restructuring and turnarounds, new drug submissions, research and development, product commercialization strategies, operational, project and contract management, and new business development. Her experience and dedication have resulted in international recognition as the developer of the only FDA-recognized and benchmarked quality systems training and development business methodology. Her education includes a Bachelor's degree from the University of North Carolina, an MBA in Global Management from the University of Phoenix, and completion of the corporate governance course series in audit committees, compensation committees, and board effectiveness at Harvard Business School.
