David Ortez You pay \$10 for about 30 pages of 14 point text to learn the definition of diminished value. I did not learn anything new that I couldn't learn through a cursory Google search. At least Wikipedia cites its sources. I wouldn't recommend purchasing this product if it were \$0.99; at best it should be complimentary, but the death of a tree does not justify that option either. If you read this entire review, you already wasted more time on this brochure than you should've. Donated my copy to the recycling bin. 0 of 0 people found the following review helpful.
