Roger Glasgow : Down and Dirty Down South: Politics and the Art of Revenge before purchasing it in order to gage whether or not it would be worth my time, and all praised Down and Dirty Down South: Politics and the Art of Revenge:

3 of 3 people found the following review helpful. GOOD BOOK! WE CAN ALL RELATE TO THIS!By travelpup50I loved this book. I think any citizen can relate to the treachery and bullying of the local Arkansas politics, no matter

what state one calls home. This is a story of an innocent man trying to clear his name and has a satisfying ending that the reader will enjoy. The book has a subplot of the author's story, from life on an Arkansas farm in a large family, to college, to law school, to a distinguished career. This all happened with the help of family, friends, luck and skill. The author's life story adds depth to the political side of the story, making the book more personal and readable. It is a great American story of good over evil as well as the molding of a self-made man. 4 of 4 people found the following review helpful. Who's Who Behind the Scenes By Weldon Tallant Great reading not only for anyone who likes a good mystery, but especially for those who remember Arkansas politics from Faubus to Clinton Jim Guy Tucker. I found it especially appealing because it is a true story and an accurate record. Getting the facts behind the headlines and TV spots I saw from my armchair brought back memories, smiles and even astonishment at how uninformed citizens often are of the antics of their political leaders, when checks balances are circumvented. 3 of 3 people found the following review helpful. A Must-Read for Anyone Interested in Arkansas Law and Justice By Customer Everything one would want to know about crime and politics in Arkansas from the 1950's to the 1970's, and the players involved, all coupled with a true life story of one of Arkansas' best trial lawyers and how he beat a frame designed by persons in high places to destroy him. This is a must-read for all engaged in politics in Arkansas, especially in light of the dark money that has now made its way into the election of Arkansas appellate judges, and is a must-read for anyone interested in law and justice. Roger, this story needed to be told. Cliff Gibson

Returning from a vacation trip to Mexico, Little Rock attorney Roger Glasgow and his wife got the surprise of their lives when they were stopped at the border crossing. Guards ordered them out of their car and began to remove the back seat. What followed was a long nightmare of political intrigue and subterfuge that led all the way back to Arkansas and its capital city. While pursuing a race for district prosecutor in the 1970s, Glasgow had run afoul of the local political machine. The machine later decided to teach Glasgow a lesson even though he had lost the race. Down and Dirty Down South is Glasgow's story of how he attempted to clear his name and also track down the people who had set him up for charges of smuggling illegal drugs into the United States.

About the Author Roger Glasgow was raised on a small farm near Nashville, Arkansas, and attended Southern Arkansas University in Magnolia and the University of Arkansas School of Law in Fayetteville. A former deputy attorney general, he enjoyed a successful career of more than forty years with the Little Rock firm Wright, Lindsey Jennings. He now resides in Colorado.
