Chee Min Ng : Emigrating: Going to Australia before purchasing it in order to gage whether or not it would be worth my time, and all praised Emigrating: Going to Australia:

Australia beckons. Australia has a lot to offer - vast horizons of opportunity for you and your family. You'll make new friends and meet up with old mates who are already here enjoying an enviable standard of living, quality family life, and personal growth and achievement. Today's Australia embraces cultural diversities, wider non-discrimination policies, democratic and accountable government and competent, and responsive public service offering quality education and world-class healthcare systems. Australia boasts climates and geography to suit everyone, a clean and

healthy environment, physical and personal space, and much more... How this book can assist you. This book provides essential information, facts and critical insights for those contemplating relocating to Australia. It examines why people migrate; the stories of many who have turned dreams to reality; why you might choose Australia; living in Australia; social-economic environments nationally and state by state. It explains the education, healthcare and social security systems; working in Australia; starting and running a business; the taxation system. It guides you through Australia's migration program, the requirements and application process, priorities and the things to do before and after arrival in Australia. Be in control of your tomorrow. Life is not a rehearsal. We can't change the past but we can plan for our future. Explore if Australia offers the bright new frontiers that you wish for yourself and your family!
