Mack Player, Martin Malin : Employment Discrimination Law: Cases and Notes (American Casebook) (American Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Employment Discrimination Law: Cases and Notes (American Casebook) (American Casebook Series):

Dean Player and Professor Malin combine over sixty years of teaching experience to present unique user friendly materials for teaching (and learning) employment discrimination law. The organization begins with relatively

uncomplicated general and universal principles, such as defining the classes protected by the law and the concept of discrimination and leave for later digestion the complex problems of proving violations. The materials are of teachable length. While leading cases have not been ignored, the materials include engaging cases that focus on issues of contemporary interest.
