From Springer : Essential Cases on Natural Causation (Digest of European Tort Law) before purchasing it in order to gage whether or not it would be worth my time, and all praised Essential Cases on Natural Causation (Digest of European Tort Law):

In order to contribute to a better understanding of natural causation, which is a central concept in civil law, the present book offers a large collection of leading cases from 25 European countries and from the Court of Justice of the European Community. Each case is shortly summarised and commented on. Further, an important number of cases collected are resolved according to the recently published Principles of European Tort Law.
