From Beck/Hart : EU Immigration and Asylum Law: A Commentary (Second Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised EU Immigration and Asylum Law: A Commentary (Second Edition):

In the European Union, national rules on immigration and asylum have been transformed in recent years. EU Directives and Regulations, including the relevant case law of the European Court of Justice, have become ever more important - for those working in ministries, immigration authorities, national courts, academia, and NGOs, as well as for those who are practicing lawyers. This fundamentally revised and amended second edition focuses on core EU

legislation, including the Asylum Qualification Directive, the Asylum Procedure and Reception Directives, the Dublin III Regulation, the Border Code, Visa and Frontex Regulations, the Family Reunion Directive, the Blue Card Directive, the Long Term Residents' Directive, and the Return Directive. With contributions by renowned specialists working in academia or practice across Europe, the book will be essential reading for academics, practitioners, NGOs, and officers working in the field of European law, immigration law, and asylum law. [Subject: EU Law, Immigration Law, Asylum Law, Human Rights Law]

Praise for the First Edition[A] real encyclopaedia on EU migration law... Compared with other publications on European migration law, this publication is to be considered as an important book of reference, not only for researchers, but also for lawyers, NGOs, and officers working in this field. (Evelien Brouwer Common Market Law)About the AuthorKay Hailbronner is Professor Emeritus of law at the University of Konstanz. Daniel Thym holds the chair of Public, European and International Public Law at the University of Konstanz. The contributors are renowned specialists in immigration and asylum law working in academia or practice across Europe.
