From Brand: Hart Publishing : European Competition Law Annual 1999: Selected Issues in the Field of State Aid before purchasing it in order to gauge whether or not it would be worth my time, and all praised European Competition Law Annual 1999: Selected Issues in the Field of State Aid:

The European Competition Law Annual 1999 is fourth in a series of volumes including the materials of the annual Workshops on EU Competition Law and Policy held at the Robert Schuman Centre of the European University in Florence. The present volume contains the contributions and commentaries of a group of senior EU policy-makers, renowned academics and international legal experts on the subject of State Aid control - a unique and complex feature of EU competition policy, usually little explored and understood. The contributors concentrated on the aspects of EU State Aid policy that were most challenging at the time of the fourth edition of the EUI Competition Workshop (June 1999), as follows: the economic justifications for and effects of State Aids; specific problems arising in the control of State Aids in the banking sector; and the possibilities for a more decentralized control of State Aids in the EU.

About the Author Claus Dieter Ehlermann is Professor of Law at the European University Institute in Florence, Senior Counsel to Wilmer, Cutler, Pickering, Hale and Dorr LLP in Brussels, and a former member of the Appellate Body of the WTO. Michelle Everson is a Research Fellow at the European University Institute in Florence.
