**Richard L. Hasen : Examples Explanations Legislation, Statutory Interpretation and Election Law** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Examples Explanations Legislation, Statutory Interpretation and Election Law:

0 of 0 people found the following review helpful. another great e and eBy CustomerExcellent book - I needed this for my job, and I've been able to skim through this to find what I needed.5 of 5 people found the following review helpful. Don't Purchase/Rent for Statutes and Regulations; Otherwise Good SupplementBy HulloI purchased this supplement looking for something to help with Statutes and Regulations. As it turned out, that class is a relatively new addition to

many law schools and is not traditionally taught, meaning it's difficult to find the right supplements for it. The reason why I purchased this one is because I had read somewhere from another law student that this book was what they had used for the course, so I had faith it might be useful. For talking about legislation and election law, it contains a lot of material (as you'd expect based off the title) but that material is NOT covered in Statutes and Regulations, so most of the book is irrelevant. Statutes and Regulations at my school was a combination of statutory interpretation and administrative law. This book had one chapter about that, and it was relatively short and sweet. If you're looking for something for Statutes and Regulations, I'd recommend a book on administrative law, and look elsewhere for information on statutory interpretation since administrative law is the more complex subject covered in the course. Hopefully, though, there are more supplements made for Statutes and Regulations by the time other students are looking for them next year. :) 4 of 5 people found the following review helpful. Great Resource by Leading Expert By James Sample This outstanding resource, written by leading election law scholar Rick Hasen, is simply phenomenal. Hasen takes issues of extraordinary complexity; breaks them down into clear, manageable pieces; and then elegantly puts the entire structure together. The book is not only exceedingly comprehensible, it is also rich in doctrine; political theory; and interest. The prose is pointed and provocative. Individual chapters are organized in such a way that the book is an excellent resource even if one needs a clear treatment on any one of its various subtopics. Perhaps most notably, Hasen succeeds in producing a book that is accessible and interesting to students while simultaneously being packed with insights that redound to the benefit of even the most seasoned scholars and practitioners. Highly, highly recommended.

A favorite among successful students, and often recommended by professors, the unique Examples Explanations series gives you extremely clear introductions to concepts followed by realistic examples that mirror those presented in the classroom throughout the semester. Use at the beginning and midway through the semester to deepen your understanding through clear explanations, corresponding hypothetical fact patterns, and analysis. Then use to study for finals by reviewing the hypotheticals as well as the structure and reasoning behind the accompanying analysis. Designed to complement your casebook, the trusted Examples Explanations titles get right to the point in a conversational, often humorous style that helps you learn the material each step of the way and prepare for the exam at the end of the course. The unique, time-tested Examples Explanations series is invaluable to teach yourself the subject from the first day of class until your last review before the final. Each guide: helps you learn new material by working through chapters that explain each topic in simple language; challenges your understanding with hypotheticals similar to those presented in class; provides valuable opportunity to study for the final by reviewing the hypotheticals as well as the structure and reasoning behind the corresponding analysis; quickly gets to the point in conversational style laced with humor; remains a favorite among law school students; is often recommended by professors who encourage the use of study guides; works with ALL the major casebooks, suits any class on a given topic; provides an alternative perspective to help you understand your casebook and in-class lectures. An up-to-date, user-friendly, and clear student-oriented treatise tackling the complex subjects in this field, including statutory interpretation, lobbying, bribery, campaign finance law, and voting rights. Suitable for use with courses in Legislation and Regulation, Statutory Interpretation, Election Law, Voting Rights, and Campaign Finance. Features an easy-to-follow correlation chart that matches the book's coverage to the leading casebooks. Written by one of the leading voices in the field of election law and legislation. No other statutory supplement is as comprehensive, up-to-date, and full of examples (and answers) to test student knowledge.
