Mindy J. Allport-Settle : Federal Food, Drug, and Cosmetic Act: The United States Federal FDC Act Concise Reference before purchasing it in order to gage whether or not it would be worth my time, and all praised Federal Food, Drug, and Cosmetic Act: The United States Federal FDC Act Concise Reference:

0 of 1 people found the following review helpful. does not include FSMA amendmentsBy Crystal MckennaI like the font in this version and the layout. Otherwise, it is not up to date and as such, it is useless to me. It looks like good introductory information, but it lacks the FSMA amendments of 2011. The amendments are available on line, but it is nice to hold a copy in your hand and mark it up. The Food and Drug Law Institute may have a newer version, though I have not been able to locate it.1 of 3 people found the following review helpful. Valuable referenceBy JinRNcAs with Allport-Settle's other titles, this is a great desk reference for the pharmaceutical, biotechnology, medical device, food, and cosmetics industries. She has compiled information from many different places within the FDA into one, easy-to-search reference guide.

This book is designed to be a unified reference source for the U.S. Federal Food, Drug, and Cosmetic Act and is designed to be used both as a reference for experienced industry representatives and as a training resource for those new to the industry. Federal Food, Drug, and Cosmetic Act: * Introduction to the FDA and the FDC Act * Part I: Federal Food, Drug, and Cosmetic Act o Section Number Reference: Federal Food, Drug, and Cosmetic Act o FDC Act Chapters I and II: Short Title and Definitions o FDC Act Chapter III: Prohibited Acts and Penalties o FDC Act Chapter IV: FoodFDC Act Chapter V: Drugs and Devices o FDC Act Chapter VI: Cosmetics o FDC Act Chapter VII: General Authority o FDC Act Chapter VIII: Imports and Exports o FDC Act Chapter IX: MiscellaneousSignificant Amendments to the FDC Act Reference Tools * Part II: Combined Glossary and Index for all Regulations

About the AuthorMindy Allport-Settle has served as a key executive, board member, and consultant for some of the best companies in the pharmaceutical, medical device, and biotechnology industry. She has provided guidance in regulatory compliance, corporate structuring, restructuring and turnarounds, new drug submissions, research and development, product commercialization strategies, operational, project and contract management, and new business development. Her experience and dedication have resulted in international recognition as the developer of the only FDA-recognized and benchmarked quality systems training and development business methodology. Her education includes a Bachelor's degree from the University of North Carolina, an MBA in Global Management from the University of Phoenix, and completion of the corporate governance course series in audit committees, compensation committees, and board effectiveness at Harvard Business School.
