Two weeks before finals I bought this audiotape supplement. I wound up with an A- in the class. Buy the tapes they're more than worth it.1 of 1 people found the following review helpful. Joey Glannon Rocks!!!!By M. IpsenThis tape is very good, it comes with a little booklet full of hypotheticals. Since Civil procedure is a dry subject its nice to have somebody explain it on tape, while you don't have to read it. Outline this tape and buy also The Glannon Guide to Civil Procedure, Learning Civil Procedure Through Multiple-Choice Questions and Analysis, also by Glannon. Glannon actually makes Civpro interesting.5 of 5 people found the following review helpful. Way better than the book.By John GottiDon't even bother with another civ pro supplement, this is the beginning and the end. All you need, right here, don't even buy his book, just outline these tapes.
