**Anne Galbraith, Michael Stockdale, Steve Wilson, Rebecca Mitchell, Russell Hewitson, Simon Spurgeon, Mick Woodley, Alan Davenport : Galbraith's Building and Land Management Law for Students** before purchasing it in order to gage whether or not it would be worth my time, and all praised Galbraith's Building and Land Management Law for Students:

Ideal for first year undergraduate students taking law modules on construction, surveying, planning and engineering courses, Galbraiths Building and Land Management Law for Students is an excellent overview of the key legal issues in the construction industry. Clearly written and with wide ranging coverage of key legal principles by construction lecturers and professionals, this textbook highlights the need for students on construction related courses to access information on how the law relates to them, without getting into the dry, heavy detail of the full scale legal texts. This sixth edition has been fully updated and covers the latest JCT Standard Form Building Contract requirements and key EU directives, including Corporate Manslaughter, Employment Law, Tenant Planning Law regulations and Health and Safety acts.

"Any student who absorbs the contents of this book will have little difficulty when he or she starts practice" - Architect and Surveyor
