**Peter Strauss, Todd Rakoff, Cynthia Farina, Gillian Metzger : Gellhorn and Byse's Administrative Law: Cases and Comments, 11th Edition (University Casebook)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gellhorn and Byse's Administrative Law: Cases and Comments, 11th Edition (University Casebook):

0 of 0 people found the following review helpful. Not Good for Ad Law NovicesBy ElizabethIf this is required reading for your Ad Law class, by all means, order it. But if you are just looking for a text to review on your own and

you do not have a strong foundation in the area, this book does not do a decent job of explaining the complexities of administrative law. I could not have managed efficiently without having a really great professor to explain the material. 2 of 2 people found the following review helpful. Great for killing cockroaches (just wrap in plastic first, please) By A. Xu Let's face it, you're not reading this review because you actually have a choice about what casebook you're going to read. This is a great casebook in that the font is REALLY big. Good thing, too, because this book is gigantic. Rivals my con law tome from last year... 0 of 0 people found the following review helpful. Three Stars By Laura Pousson Binding was falling apart, but I can still read it

This authoritative casebook presents a comprehensive treatment of the doctrinal basis of administrative law that students need to know to practice competently. It also covers the substantial development of the scholarly literature that has, from many perspectives, critiqued the existing law. The 11th edition continues the tradition of offering instructors a rich theoretical, historical, and political context for the cases. At the same time, recognizing changing pedagogical demand, the book offers a leaner presentation of many topics and more cues for helping students navigate the book.
