This edition expands and updates the globalized approach to antitrust law and economics that was pioneered in the First Edition. Antitrust laws in all the nations with world's leading GDPs are now covered. The U.S. updates include the 2010 U.S. Merger Guidelines, as well as the U.S. Supreme Court's 2009 Linkline decision and 2010 American Needle decision. The EU updates include the new EU Treaty, the new EU guidelines on abuse of dominance, the new

EU guidelines on nonhorizontal mergers, and the new EU regulations and guidelines on vertical agreements.
