Politics of Health Reform in Africa: Performance, Participation, and Policy:

Drawing on qualitative research with African actors and global health institutions, the authors explore the politics of how performance funding modalities and participation are used to shape health reform in African countries as well as the role of African actors, global policy elites and international donors within these processes.

About the Author Amy Barnes is Lecturer in International Health Policy and Management in the School of Health and Related Research, University of Sheffield, UK. Her teaching and research work is at the disciplinary interface between public health, public policy, management, development studies and politics. Garrett Wallace Brown is Reader in Global Ethics and Global Health Policy in the Department of Politics, University of Sheffield, UK. His research areas include political theory, international relations, international law and global health. Sophie Harman is Reader in International Politics in the School of Politics and International Relations, Queen Mary University of London, UK, where she teaches and conducts research into the political economy of global health governance.
