From Brill - Nijhoff : Good Neighbourliness in the European Legal Context (Studies in Eu External Relations) before purchasing it in order to gage whether or not it would be worth my time, and all praised Good Neighbourliness in the European Legal Context (Studies in Eu External Relations):

Good Neighbourliness in the European Legal Context provides the first detailed assessment of the essence and application of the principle of good neighbourly relations in the European legal context, illustrating its findings by a multi-faceted array of studies dedicated to the functioning of good neighbourly relations in a number of key fields of EU law. The main claim put forward in this book is that the principle of good neighbourly relations came to occupy a vital place in the European legal context, underpinning the very essence of the integration exercise.

About the AuthorDimitry Kochenov, LL.D. is Professor of EU Constitutional Law at Groningen. His recent edited volumes include *Europe's Justice Deficit?* (with de Burca and Williams, 2015) and *EU's Shaping of the International Legal Order* (with Amtenbrink, 2013). Elena Basheska, LL.D. is Research Associate at the University of Groningen. She has published a number of articles and book chapters on different aspects of EU External Relations Law.
