I read the whole book and the part I found that had would be of any interest the public was the FFL section. In my opinion book is over priced and after you buy it you'll probably never open it a second time.0 of 0 people found the following review helpful. Five StarsBy T. **About the Author**Alan Korwin, author of three books and co-author of seven others, is a full-time freelance writer, consultant and businessman with a twenty-five-year track record. He is a founder and two-term past president of the Arizona Book Publishing Association, which has presented him with its Visionary Leadership award, named in his honor, the Korwin Award. He has received national awards for his publicity work as a member of the Society for Technical Communication, and is a past board member of the Arizona chapter of the Society of Professional Journalists. Working with American Express, Mr. Korwin wrote the executive-level strategic plan that defined that firms worldwide telecommunications strategy for the 1990s; he wrote the business plan that raised \$5 million in venture capital and launched SkyMall; he did the publicity for Pulitzer Prize cartoonist Steve Bensons fourth book; and he had a hand in developing ASPED, Arizonas economic strategic plan. Korwins writing appears often in a wide spectrum of local and national publications. Korwin turned his first book, *The Arizona Gun Owners Guide*, into a self-published best-seller, now in its 21st edition. With his wife Cheryl he operates Bloomfield Press, which has grown into the largest producer and distributor of gun-law books in the country. It is built around six books he has completed on the subject, including the unabridged federal guide *Gun Laws of America*, and a rapidly growing line of related books and DVDs. *Supreme Court Gun Cases* is his 10th book and landed him on the cover of the 600,000-circulation *America's First Freedom* magazine. Alan is widely recognized as a leading expert on America's gun laws, and has made hundreds of radio and TV appearances. Alan Korwin is originally from New York City, where his clients included IBM, ATT, NYNEX and others, many with real names. He is a pretty good guitarist and singer, with a penchant for parody (his last band was *The Cartridge Family*). In 1986, finally married, he moved to the Valley of the Sun. It was a joyful and successful move.
