By Chris Miller
As a Denver native who practices law in Atlanta, I enjoyed the tales told by Robert Braithwaite from his truly Mountain West perspective. This short memoir of a federal magistrate was a quick read and it had good humor, though I can't say I came away with many new lessons learned. I did like the section about the pot-growing operations that have invaded our nation's public spaces, and the down-to-earth stories about using the judicial bench to convict the guilty, free the innocent and place the kids in the right home. It's not an easy task, and Judge Braithwaite tells it like it is here

A great laugh for anyone who has sat in Judge Braithwaite's court room. Considering this reader received a weekend in county for minor consumption as a 20 year old punk, I enjoyed reading that Judge Braithwaite does have a sense of humor.

By Carolyn R. White
This book is really fun to read. Author tells of his experiences as a traveling judge. Humorous and honest.

What happens in a national park doesn't stay in a national park. It often ends up in Robert Braithwaite's courtroom-or sometimes on his kitchen table. Over a lifetime of administering justice, he saw everything from canoodling nudes to sheep hunters with drones to downright dangerous drug cartels. This collection of cases is so outrageous and bizarre you'll have to read it to believe it.
