0 of 0 people found the following review helpful. Mixing phrases By john takiguchi There is a portion in the book where you have to look for the substantial "affects" and the "effects" that an activity has on commerce. The book has mixed the two meanings up and uses them interchangeably on occasion. I'd be weary about any other meanings that they have mixed up. FYI, this is in the kindle version. Please fix then more stars. 0 of 0 people found the following review helpful. I ordered this book because a classmate recommended it. The black letter law is awesome and ... By Jessie Myrehn I am taking Conlaw in school and the last half of my class the professor has not been doing well teaching us. I ordered this book because a classmate recommended it. The black letter law is awesome and the fact that

it is keyed to my textbook makes it a perfect supplement to help me pass my exam.0 of 0 people found the following review helpful. Great breakdown of casesBy Erika JHas most cases from casebook. Great breakdown of cases!

High Court briefs are written to present the essential facts, issue, decision and rationale for each case in a clear, concise manner. While prepared briefs can never substitute for the insight gained by actually reading a case, these briefs will help readers to identify, understand, and absorb the core take away knowledge from each case. Moreover, these briefs are followed by a useful legal analysis, which provides extra tips and contextual background about each case, connecting the case to the broader concepts being developed throughout the casebook. This book also supplies case vocabulary, which defines new or unusual legal words found throughout the cases. Finally, to enhance the readers recall, there is a corresponding memory graphic for each brief that portrays an entertaining visual representation of the relevant facts or law of the case.
