HPro Inc., Kate Borten CISSP CISM : HIPAA Handbook for Nursing and Clinical Staff (Sold in packs of 20) before purchasing it in order to gage whether or not it would be worth my time, and all praised HIPAA Handbook for Nursing and Clinical Staff (Sold in packs of 20):

Package of 20 copies for \$99 These handbooks provide fundamental privacy and security training for new and seasoned staff. They include scenarios that depict workplace practices specific to staff and settings. They are updated to include relevant information from the Omnibus Rule. A quiz helps ensure that staff understands what the law requires. HIPAA requires covered entities and business associates to train all workforce members with respect to privacy and security compliance. HIPAA is in the spotlight again because of The Modifications to the HIPAA Privacy, Security, Enforcement, and Breach Notification Rules under the Health Information Technology for Economic and Clinical Health Act and the Genetic Information Nondiscrimination Act (Omnibus Rule) published January 25, 2013 in the Federal Register. This update will help covered entities and business associates provide their workforce members the training that is a necessary component of HIPAA compliance. This is one in a series of updated HIPAA training handbooks for healthcare providers in a variety of positions and settings, including: - Nutrition, Environmental Services, and Volunteer staff - Executive, Administrative, and Corporate staff - Business Associates - Healthcare staff - Coders, Billers, and HIM staff - Physicians - Home Health staff - Long-Term Care staff - Registration and Front Office staff - Behavioral Health Staff Need to train your entire team or organization? Bulk orders available. Call 800-650-6787 to learn more.

About the AuthorKate Borten, president of The Marblehead Group, offers a unique blend of technical and management expertise, information security and privacy knowledge, and an insider understanding of the healthcare industry. Her company, founded in 1999, serves the full spectrum of healthcare covered entities and their business associates with respect to understanding privacy and security regulations, establishing and enhancing their formal privacy and security programs, and assessing risk and regulatory compliance. Borten has more than 20 years of experience designing, implementing and integrating healthcare information systems at world-renowned medical facilities.
