Thomas P. Puccio, Dan Collins : In the Name of the Law: Confessions of a Trial Lawyer before purchasing it in order to gauge whether or not it would be worth my time, and all praised In the Name of the Law: Confessions of a Trial Lawyer:

0 of 0 people found the following review helpful. A bloody good lawyer By L. P. F. Lafferty Really rate this book. Masterful account of the real battles of criminal trials and the intrigue of working for the Government. Puccio is a lawyer but he injects that legal detail with how his heart felt in his battles. This is not some arid tale of the law which you would get from a commercial lawyer but what real lawyers are made of i.e. court battles. Puccio is a fighter and probably that is why the book is so good. Really enjoyed it. 0 of 0 people found the following review helpful. Interesting Story of Real Life Law By Semmelweis Written some time ago by the prosecutor of Abscam and the briefly featured in the current movie "American Hustle", this story is well told and compelling. It offers an insight into how the law works on a gritty and unvarnished level. As he was both a prosecutor and defense lawyer, it is very balanced. At times distressing and disillusioning, it is a very enjoyable read. 0 of 0 people found the following review helpful. terrific book for criminal lawyers By cortezi bought this book after i saw thomas puccio's obituary in the new york times. puccio talks about his career as a prosecutor and criminal defense attorney. the book is written well and puccio comes across as a pretty down to earth person.

During his 13 years as a federal prosecutor, Thomas Puccio unraveled the French Connection theft, prosecuted the first

FBI agent ever convicted of corruption, and masterminded the Abscam investigation. He tells of turf wars inside the Justice Department and of deals cut between judges and attorneys, revealing an underside of law enforcement seldom seen by the public.
